

# **PUBLIC NOTICE**

In January 2019, the Northern Arapaho Business Council approved the Northern Arapaho Water & Wastewater Policy & Procedures manual. The manual is public information and is available online.

The Northern Arapaho Billing Department will begin billing commercial users for Water & Wastewater services on May 1, 2019. Residential billing will begin on August 1, 2019.

The commercial billing will be handled by meters in the Ethete system. For the Arapaho system, there will be a set rate that has been decided on.

For residential users the billing cycle will begin with a flat rate for both Ethete and Arapaho system users.
